WHO WE ARE ?

KDU Group, which was founded in 1985, produces some of the finest Ceylon tea to date. Ranging from the simplest black tea to the most renowned flavours, we offer a wide variety of elixirs to suit tea lovers across the globe.

KDU Group possesses unique and specific characteristics of quality and taste which are attributed by the passion and provenance of the unique manufacturing practices, that have been mastered over the years, infused with contemporary creativity and imagination to satisfy the most devoted tea lovers.

From harvesting the freshest bud along with its two leaves, to withering, rolling, drying, sorting and packing, we take utmost care in conducting the entire process in line with international standards of quality and hygiene. Over the years, the reputation of “KDU Group” has grown tremendously due to the consistency in quality, and the eminence in the richly aromatic and flavourful characters, being the obvious certainty in the journey of our success.

Tea remains the primary focus of the entire group, with eight state-of-the-art factories in the Sabaragamuwa Province contributing to 12 million kilograms of premium quality tea per year. The company produces six percent of the country’s low grown tea production, and nearly four percent of the national tea production. The Company maintains high quality standards and are certified with Ethical Tea Partnership, HACCP Food Safety Standard, ISO 22000 and Rainforest Alliance. Retaining the highest sales achievements at the Colombo Tea Auction for a period of 20 years, it has received international certifications, including CQC 2 Star Award by the Sri Lankan Tea Board.

Vision

To be recognised across many countries as a leading global supplier of tea, spices, fruits, vegetables and other cultivations in Sri Lanka, in parallel to expanding our global footprints in operation and production.

Mission

To expand our tea business of 30 years into the export sector to enabling us to capture the global market and provide buyers with more economical and effective products for overseas markets.

STRATEGY

- Provide customers with three types of tea from each grade, to give customers the choice of opting for quality, price or both
- Having a short and cheaper delivery time
- Provide the best cost using factory fresh teas

STRENGTHS OF BULK TEA SUPPLY

- Capability to produce 1 million kg of black tea per month
- Ability to deliver fresh supply, by harvesting and packing within 72 hours of the tea leaves being plucked
- Providing customer centred and budget friendly and high quality tea grades in three different types
- Adjusting the tea blends to suit customer budgets while maintaining consistency
- Advanced technology provides essential data from tracing farmer details to the over all production, by providing a fully integrated system.
- No intermediate involved throughout the buyer to supply procedure, resulting in lower cost and faster delivery
- Guarantee of goods ready to ship within 2 weeks
- Goods manufactured in our state of the art, modern, tea production facility to ensure quality and efficiency
- Capability to offer FOB or CIF rates for any port in the world and also handle the process of tea selection, production and the exporting of goods.

TO OUR COMMUNITY

- We at KDU Group hold a supplier base of over 20,000, of whom are directly engaged in our leaf operation
- Providing our suppliers with the highest value of tea
- Stakeholders are benefited with fertilizer and tea plants to upkeep their fields
- Achieving the rainforest alliance benefiting our suppliers with no chemical program
